July 2018

Flecks® Systems' Water Flecks®

Flecks Systems, Inc, is proud to offer Water Flecks®, an innovative thermoplastic granulated rubber surfacing system for your surfacing needs. Unlike other rubber surfacing systems, Water Flecks® offers many advantages such as: light stability, long-term chlorine resistance, excellent slip resistance, anti-microbial additives to fight against mold/bacteria and does not leach out any harmful chemicals.

Customers have benefited by using Water Flecks®, having a safe, durable, long-term surface that everyone can enjoy for years to come.
